To the Delegates of the Federation of Gay Games,

Plexus, the regional Chamber of Commerce for the LGBT community and its allies in Northeast Ohio, is honored to write this letter of support for Cleveland Synergy Foundation's bid to host the 2014 Gay Games in Cleveland and Northeast Ohio. This event and the events Cleveland Synergy Foundation will host leading up to the 2014 Gay Games will provide enormous benefits to Northeastern Ohio in the way of economic activity, region-wide visibility, and public and private collaboration.

The Cleveland Synergy Foundation is a member in good standing with Plexus and is working closely with other chamber members and sponsors to put this bid together. All of our members share a common goal of retaining and attracting commerce to Northeast Ohio and showcasing the inclusive nature of our regional business climate.

In conclusion, Plexus supports the efforts of the Cleveland Synergy Foundation and its partners in its bid for the 2014 Gay Games.

Sincerely,

Eric Lutz
President
